

Thanks to the 20th anniversary

New era name REIWA At the same time, we were able to celebrate the 20th anniversary of our founding. Since April 2000, nursing care Insurance has begun, and the way of the social system transformation has led to a step-by-step. We will continue to evolve to serve you as a paced town place with peace of mind in the future. Thank you in the future.

Report of the 19th period

Started in March 2018, "Nursing Care Project" The people who work and live also aim to become a place where everyone is comfortable and safe. The first thing we're working on ISReduce the mental and physical burden of error assistance to zero the fallCan The latest equipment is introduced to solve the problem. We are able to achieve our goal by turning things into operations that treat them as human partners.

介護を快護へプロジェクト実施中!!

Until now, two helpers have taken the way of rescue, but have continued more than six times every day and of lower back painCause. So, one person who is a helperOn the ceiling running lift that can be errorI changed my fatigue. Without It's very easy, "I'm sorry to ask you to do it. From This is very good. Now it is the necessities of life that two error cannot return to. And it is important to notice the signs to prevent falls. It is possible to decrease the fall by the system that the sensor notices and the person's thought.

The shine of the wand

There was a large set of staff, who were like a cane to support softly when necessary. This day is a workshop for a newly purchased shower trolley. It is practice of the method of sliding not lifting by the bathing assistance. While reducing the amount of mug of the helpers and the care side, the helper side is comfortable and easy. Aiming at the environment, every day! I'm polishing my wand.

Vitality is good, isn't it?

I enjoy it with the person who cannot walk. Among the users, some people age 100 years old. The body of our surprise Ability で、I always get power. The way you live a long life, and you want to live happily tomorrow, is more attractive than anything else. Good day. I will spend the time to engrave with you carefully. (Day Service)

I grow up with everyone in the community.

Atami City is More than 65 years old More than 47% living alone or in a family with an elderly person There are many. This is proof that independent living can continue, but it is a little uneasy when thinking about the future. Whether we can protect those who are working hard in the community, how far can we approach people to support them in society? An answer without an answer With you Communicate with each other In order to A place to gather, as time to discuss Business trip courses and counseling cafes Started a small activity in. Of-Home Care Support Offices)

Hope and hope for tomorrow

The new thing has the power to override the common sense up to now. As the washing machine changed from the washboard to the error, the person's hand From Latest Type Lift By changing the Nobody At any time Easily Can now be done with small force. If the assistance becomes easy, the care side is relaxed. And Side to be cared for Smile Is born. While reducing unnecessary effort Care To advance the selection and concentration oft is a signpost of the future. The common problem of construction, agriculture, and medical care is a break from labor aggregation. "Free protection" suitable for the age of the dynasty while incorporating the latest technology To wards Go forward Go on.
